    Dirección IPv4. . . . . : 192.168.0.13
    Máscara de subred . . . . . : 255.255.255.0
    Puerta de enlace predeterminada . . . . . : 192.168.0.1
```

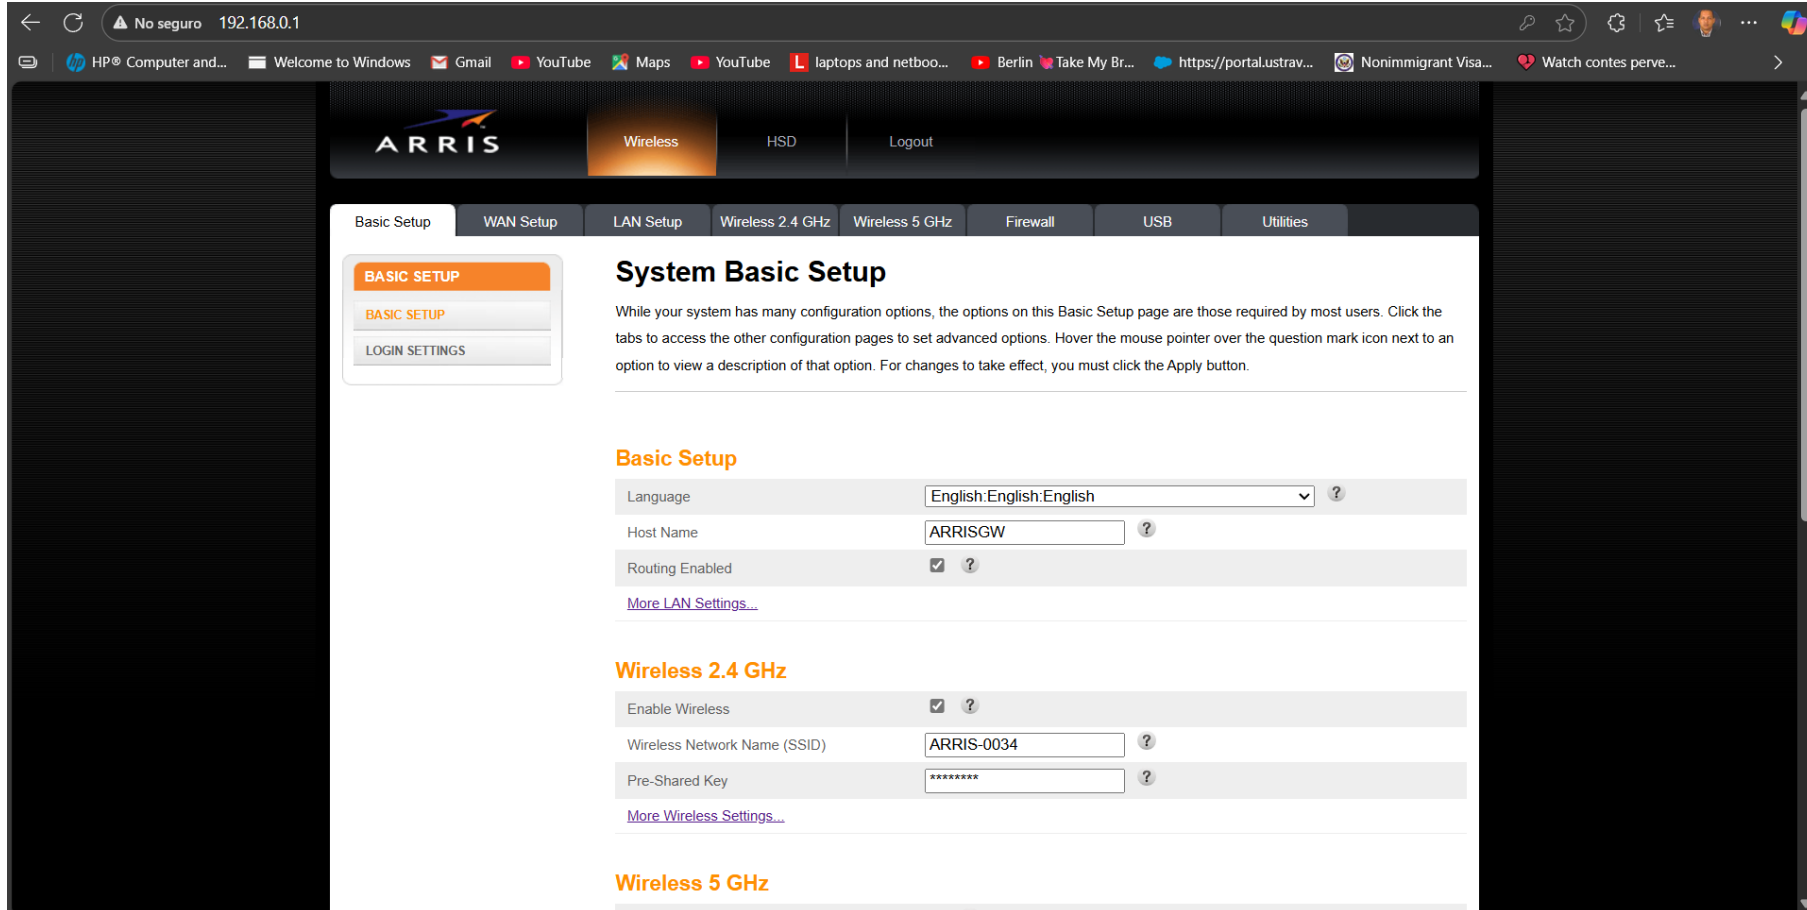

Acceso y configuración básica del router residencial

The screenshot shows a web browser window with the address bar displaying "192.168.0.1". The browser's address bar also shows "No seguro" (Not secure). The browser's tab bar includes several open tabs, including "HP® Computer and...", "Welcome to Windows", "Gmail", "YouTube", "Maps", "laptops and netboo...", "Berlin Take My Br...", "https://portalustrav...", "Nonimmigrant Visa...", and "Watch contes perve...".

The main content area of the browser displays the ARRIS router's login page. The page has a dark header with the ARRIS logo and three navigation tabs: "Wireless", "HSD", and "Logout". Below the header, there is a "Login" tab. The login page features a "LOGIN" button and a "Login" section. The "Login" section includes a text input field for "User Name" and a password input field for "Password". Both input fields have a question mark icon to the right. Below the input fields is an "Apply" button. A note at the bottom of the page states: "For information regarding software licenses, acknowledgments and copyright notices for certain software packages and/or components that are used in this modem, please see the [Open Source Software Information](#)."

Acceso y configuración básica del router residencial

The screenshot displays the ARRIS router's web management interface. The browser's address bar shows the URL `192.168.0.1`. The interface features a top navigation bar with the ARRIS logo and tabs for **Wireless**, **HSD**, and **Logout**. Below this, a secondary navigation bar includes links for **Basic Setup**, **WAN Setup**, **LAN Setup**, **Wireless 2.4 GHz**, **Wireless 5 GHz**, **Firewall**, **USB**, and **Utilities**. The **BASIC SETUP** section on the left contains three sub-links: **BASIC SETUP** (highlighted), **BASIC SETUP**, and **LOGIN SETTINGS**.

System Basic Setup

While your system has many configuration options, the options on this Basic Setup page are those required by most users. Click the tabs to access the other configuration pages to set advanced options. Hover the mouse pointer over the question mark icon next to an option to view a description of that option. For changes to take effect, you must click the Apply button.

Basic Setup

Language	English:English:English	?
Host Name	ARRISGW	?
Routing Enabled	<input checked="" type="checkbox"/>	?
